STAY AT HOME IF UNWELL- POLICY (2023-24)

Approved & Adopted on	03/04/2023	To be reviewed	Quarterly
Reviewed by	Governing Body	Signed	

Staying at home if you're sick is the best thing you can do to stop the spread of COVID-19. School policy is that parents should take the temperature of their child prior to leaving for school. The child should remain at home if they record a temperature of **37.5 °C or higher**.

If the student shows the following symptoms they should **stay home**,

Symptoms include:

- fever with or without rashes
- shortness of breath

(Shortness of breath is a sign of possible pneumonia and requires immediate medical attention.)

- sneezing and runny nose
- Eye infections-(Itchy, watery, red or swollen eyes)
- Diarrhea
- nausea and vomiting

If the child has any of these symptoms, **"Stay at Home"**

(*please refer the **GIHS CONTROL OF INFECTIONS AND INFECTIOUS DISEASES** and **COVID-19 SELF REPORTING POLICY** for further clarifications)

GIHS HEALTH AND SAFETY TEAM
